Always in evolution

INTERNATIONAL REFERENCE. In the early summer of 1890, La Rioja Alta, S.A. was founded by five families sharing a common passion for wine. It was the start of an ongoing quest for excellence that their descendants still pursue. Since then we have managed to extract the best from the marriage of our tradition in wine ageing, to state-of-the-art technology in grape fermentation. Our wines have become an international reference for the finest Rioja wines.

Our vineyards are the genesis of a superb wine

They cover more than 400 ha. (1,112 acres)
on the finest estates

OUR DREAMS REALIZED. Our unique Gran Reserva wines are crafted from the finest vintages and demonstrate the character of the great Rioja classics. These are the result of a rigorous selection of our most select grapes and a slow ageing process that lends them elegance, complexity and sophistication. A celebration of the finest.

OUR FLAGSHIP. A wine that speaks for itself. A reference synonymous with the highest quality. Viña Ardanza embodies the personality of an extraordinary wine. Balance, silkiness and power are its hallmark. An invitation to delight in vintage after vintage. The best Tempranillo and a perfect Grenache, combine to deliver an unforgettable experience.

Racking by hand, an art form at its purest

Every six months the wine comes to life,
cask by cask, reflected in candlelight

Our wines patiently slumber in more than 30,000 American oak casks fashioned by our own coopers. We take great pride in crafting wines using only our own grapes. The wines are handled and aged with great delicacy. Wines with personality. Wines with soul.

INTEGRITY. A style that combines freshness and intensity. A trusted and unmistakable elegance easily recognizable. Viña Arana stands out for its smoothness and gentle acidity. In every sip Viña Alberdi guarantees enjoyment with a wide variety of foods. The choice for friendship.

Our passion for the vine is visible
in every corner of our winery

You are invited to discover our world beyond wine

DEDICATION. Taking a walk around the winery only confirms our pursuit of perfection. Our commitment to our customers and guests is seen in every detail. We are dedicated to a customized and exclusive experience. Elegance and comfort are the hallmarks of our private dining rooms, meeting rooms and wine shop.

We were searching for excellence
in whites. We found it!

The soil, the ocean, the sun, the sea breezes... Lagar de Cervera describes the spirit of a unique microclimate

ALBARIÑO. Our Galician winery lies on the Atlantic coast, an impressive backdrop where the earth, the sea and the sky enjoy a continuous dialogue. Its 65 ha., the largest vineyard in the D.O. Rías Baixas, provides us every harvest with one of the best white varieties in the world, the Albariño.

Only here can this unique
white be made

VARIETY. We must listen to nature when it guides us. Every harvest in this area is a dream come true. A choice fruit that, thanks to hand-harvesting and careful winemaking, gives freshness and complexity. The aromas and fruity flavours, so distinctive of this variety, spring forth.

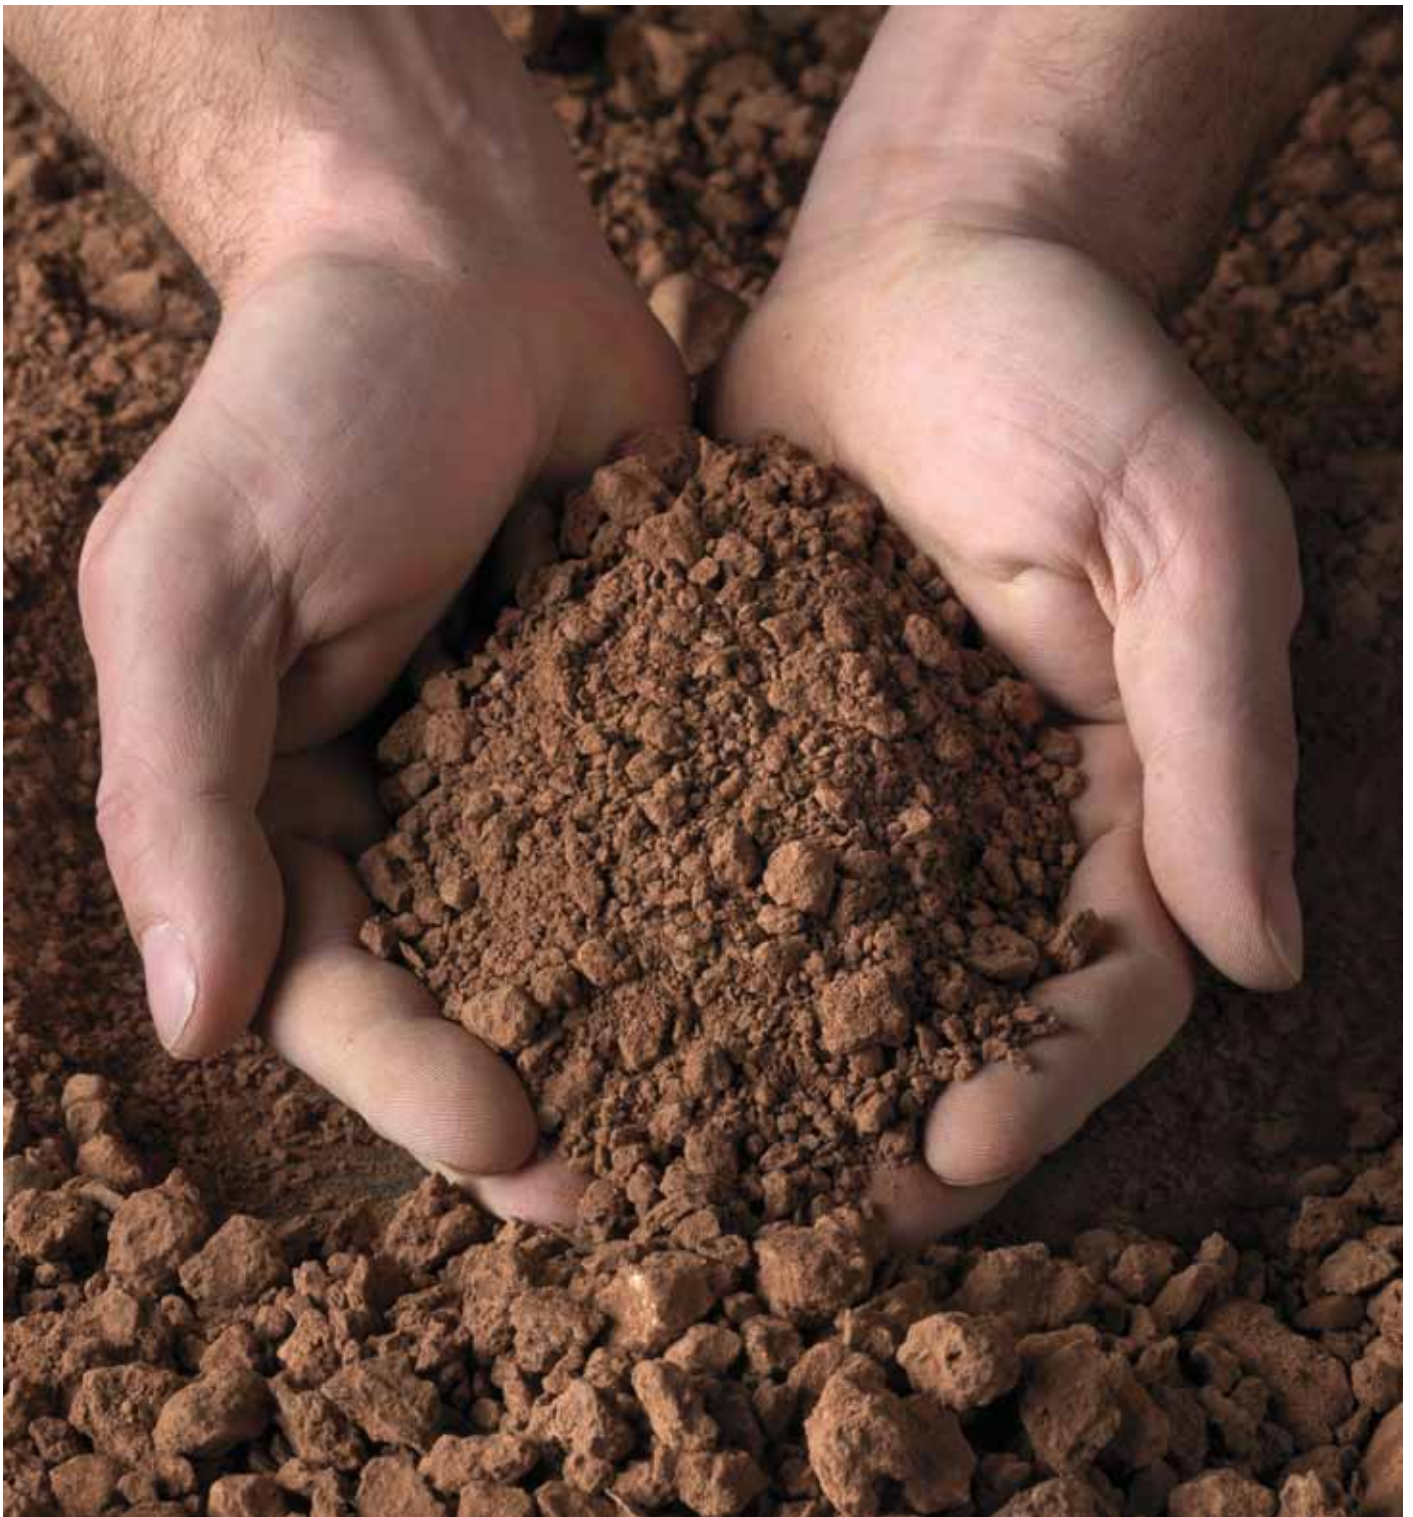

An enchanted place

An enchanted land, evoking visions of magical and ancient legends. It will cast a spell on you forever - just like its wine

Meander amongst the splendour of our vineyards. Sip a glass of Albariño. Wander and chat by the banks of the river Tamuxe or enjoy the best of Galician gastronomy. These are some of the pleasures that our winery offers. Pure magic in the shadow of our centuries old winepress.

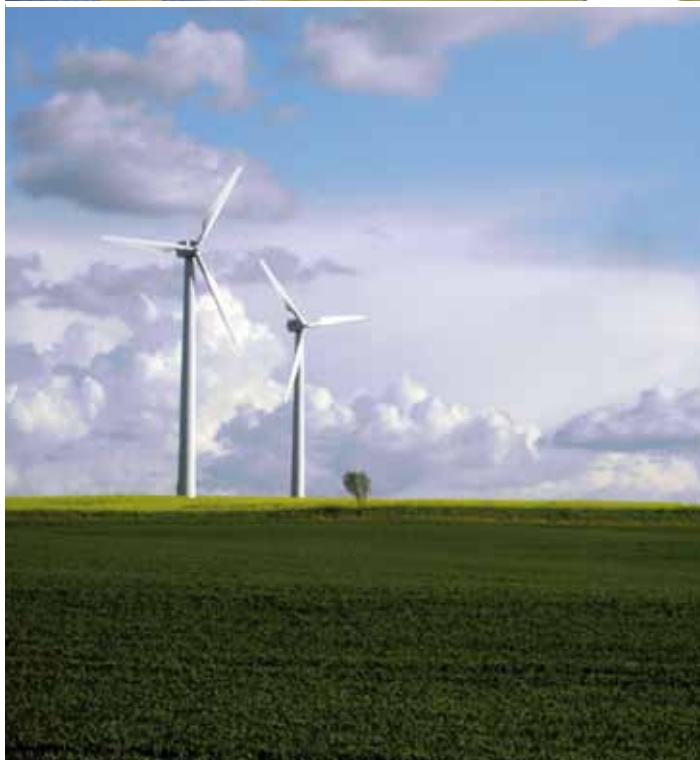

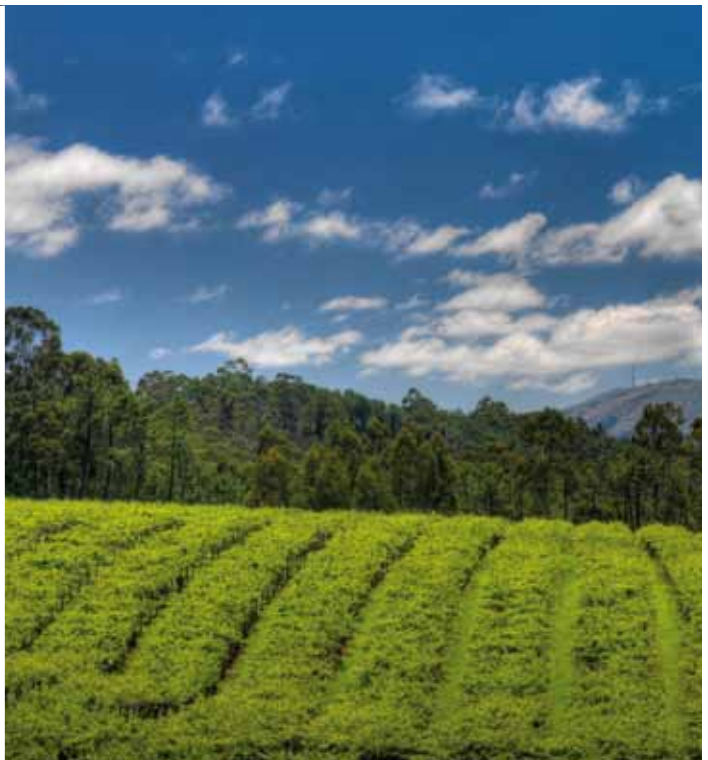

EAU DE VIE. Eight copper stills nurture these wine spirits, crafted from the skin and pith of our Albariño grape. The white “orujo” is dry, aromatic, complex and fruity. The herbs spirit is sweet and spicy since it has been macerated with nine types of herbs grown at O Rosal and aged in cask for a year.

We are much more than wine

Helping to preserve the planet is everyone's responsibility

COMMITMENT. Nature is the key to our work and daily, we renew our vow to respect and preserve it. That is why we have restricted chemical treatments in the vineyard. We develop R&D projects and invest in renewable energies. We recycle water. Both our corks and packaging are environmentally friendly. It is our pride and duty to protect wthe land.

A commitment to corporate
social responsibility

SOLIDARITY. We are the first winery, and one of the few Spanish companies, to donate 0,7% of our yearly profits to Non-Governmental Organizations and to agricultural projects in developing countries – our way of making a contribution, both as individuals and as a company.

In everyone's cellar and on the
wine lists of the best restaurants
worldwide

GLOBAL. Our wines have adapted perfectly to the extraordinary gastronomic revolution of the past decade. Chefs, sommeliers and wine critics have no doubt about it: La Rioja Alta, S.A. wines are the universal reference point for quality Spanish wines. People the world over choose our wines when entertaining. We continue to grow and seek for new friends and markets.
